WHO WE ARE

Moutajaziroun Foundation is a Lebanese non-governmental organization based in Mount Lebanon, in the Aley district.

Our Stadium Renovation Project aims to renovate three stadiums **in Bsous, Bmohray and Kfar Aamay.**

This initiative will improve the safety and usability of these stadiums and allow the community, especially the youth, to engage in sports and events.

WHY THESE STADIUMS?

Once renovated, these three stadiums will have a profound impact on the communities they serve.

This project will introduce new activities in these cities, which will **encourage people to visit their villages more often and motivate young people to engage in sports**, it will serve as safe and inclusive environment where athletes and residents can train, play, and create lasting memories.

Beyond sports, **this initiative will drive economic growth** by attracting events that generate revenue for small and new businesses, creating new opportunities and boosting local economies.
